

## Cortland International appoints Marcel Vos as Global Marine & Shipping Leader

**Anacortes, Washington** – Cortland International has appointed Marcel Vos as its Global Marine & Shipping Manager, a newly established role aimed at accelerating growth in the maritime sector. Vos will lead a global team focused on serving customers in the Vessel Mooring and Tug & Towing segments.

CEO Stuart Janke welcomed the appointment, stating, “The Marine & Shipping industry is a key strategic focus for Cortland International. With our expanded product portfolio, deep expertise, and collective experience, we’re well positioned for substantial growth. I’m excited to have Marcel Vos leading our global team as we move forward.”

Vos has more than 15 years of experience in the maritime market, managing operations across the APAC and European markets. Most recently, he was based in Australia overseeing regional marine business efforts.

In this global leadership role, Vos reports directly to the CEO and is responsible for driving strategic expansion across the Americas, APAC, the Middle East, and India. His team is supported by Cortland’s engineering and sales readiness capabilities.

Based in The Netherlands, Vos holds degrees in Technical Management and International Business. Outside of work, he competes in high-level Laser sailing events across Europe.
