

SPORTS & RECREATION

CORTLAND
INTERNATIONAL™

THE ORIGIN

At Cortland International, we believe in creating products that can stand the test of time. Products that are durable, are of superior quality and meet international standards. Products, when applied in their respective line of business, help add value.

Our capabilities speak for themselves.

Units spread over 5 locations in India and Vietnam.

We have a dedicated team of over 2000 trained personnel.

Our manufacturing strength allows us to produce 35000 MT of rope and netting a year.

Stringent quality checks in accordance with international standards, which have earned us several certifications including the ISO 9001:2015.

Our netting solutions are meticulously engineered to cater to the rigorous demands of the Sports and Recreation industry.

World Market Leaders

LEADING SUPPLIER OF HIGH-QUALITY SPORTS NETTING TO SOME OF THE WORLD'S BEST BRANDS

With our wealth of experience and knowledge, Cortland International is uniquely placed to provide excellent technical support. Our dedicated team has worked at the cutting edge of netting technology for many years. Whatever the requirement, our commitment is to provide customers with a quality solution that meets individual needs.

TESTING AND CERTIFICATION

Our products are produced & certified according to International Quality requirements.

Why Choose Us?

What We Do

TO MAKE A DIFFERENCE

World's Finest Sports Nets

When performance, durability, and safety matter most, Cortland International delivers. Our Sports & Recreation netting solutions are engineered to meet the diverse needs of professionals, sports institutions, and recreational facilities across the globe.

With a wide range of applications including soccer, tennis, ski, baseball, cricket, and volleyball, our netting products are crafted using advanced materials and precision manufacturing processes that ensure exceptional performance, reliability, and longevity—even in high-impact environments.

Every net we make is backed by rigorous quality control and deep technical expertise. We work closely with our clients to understand their unique needs and provide tailored solutions that meet international standards. Whether you're outfitting a stadium, training ground, or sports academy, we bring world-class support and engineering excellence to every project.

At Cortland International, we believe sports should be played with confidence—and our products are designed to make sure they are.

THE ARSENAL
