

380 DENIER REGULAR TWISTED NETTING

TWISTED KNOTTED WITH HDPE MATERIAL

380 Denier Regular Twisted Netting is a dependable and economical fishing netting solution designed primarily for shrimp fishing and small vessel trawling operations. Manufactured using high-strength 380 denier twines, this netting delivers reliable performance, durability, and ease of handling. It is an ideal choice for fishermen seeking cost-effective netting without compromising essential operational requirements.

Material Excellence

The netting is manufactured from premium-quality 380 denier synthetic yarns selected for their strength and durability. The material provides excellent resistance to normal fishing wear and marine environmental conditions. Consistent yarn quality ensures reliable performance and structural integrity throughout the net. The carefully controlled manufacturing process produces uniform twines with dependable mechanical properties. The material balances flexibility and strength to support efficient fishing operations. High-quality raw materials contribute to long-term operational reliability.

Key Material Advantage:

- 100% HDPE composition
- Fully recyclable and eco-friendly
- Free from mixed-material contamination

Superior Structural Design

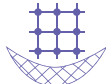

The twisted net construction enhances knot security and overall structural stability. Uniform twisting ensures consistent load distribution throughout the netting. The design maintains flexibility while providing adequate strength for demanding fishing applications. Enhanced structural integrity improves resistance to wear and fatigue. The optimized mesh structure contributes to effective fishing performance and easy handling. This proven design has been widely accepted across commercial fishing operations.

Light Weight

Good Durability

Consistent Mesh Formation

Recyclable Material

Nominal Dia. (mm)	Runnage (m/kg)	Twine Breaking Strength (kgf)	Knot Breaking Strength (kgf)
380DEN/6 PLY	3450	9.6	16
380DEN/9 PLY	2300	14.5	21
380DEN/12 PLY	1688	18.8	30
380DEN/15 PLY	1350	23.2	38
380DEN/18 PLY	1125	27.5	45
380DEN/21 PLY	966	31.9	49
380DEN/24 PLY	845	36.0	54
380DEN/27 PLY	752	40.1	66
380DEN/30 PLY	675	44.1	72
380DEN/36 PLY	564	52.3	80
380DEN/42 PLY	482	60.3	96
380DEN/45 PLY	450	64.7	102
380DEN/48 PLY	432	68.5	110

380DEN/90 PLY	225	135.0	178
380DEN/108 PLY	187	153.0	195
380DEN/120 PLY	165	171.0	221
380DEN/150 PLY	132	207.0	260
380DEN/180 PLY	110	234.0	347
380DEN/315 PLY	67	441.0	475

Design Benefits:

- Light Weight
- Good durability
- Consistent mesh formation

Key features

- High-strength 380 denier twines
- Twisted net construction
- Lightweight handling
- Reliable durability

Application

- Bottom Trawling, Crab Pots and Lobster Traps
